PRINCIPAL AND ASSISTANT PRINCIPALS CERTIFIED EVALUATION PLAN

DRAFT

Principal and Assistant Principals

The vision for the Certified Evaluation Plan is to have every school led by an effective principal/assistant principal. The goal is to create a fair and equitable system to measure principal/assistant principal effectiveness and act as a catalyst for professional growth.

Overview and Summative Model

The following graphic outlines the summative model for the Principal/Assistant Principal Certified Evaluation Plan. Evaluators will look for trends and patterns in practice across multiple types of evidence and apply their professional judgment based on this evidence when evaluating a principal or assistant principal. The role of evidence and professional judgment in the determination of ratings on the four (4) Performance Measures: Planning, Environment, Instruction, and Professionalism as well as the overall rating is paramount in this process. However, professional judgment must be grounded in the common Kentucky Principal Performance Standards and Performance Measures.

Professional Standards for Education Leaders (PSEL)

Professional Standards for Education Leaders (PSEL) are designed to support student achievement and professional best practice -Mission, Vision and Core Values; Ethics and Professional Norms; Equity and Cultural Responsiveness; Curriculum, Instruction and Assessment; Community of Care and Support for Students; Professional Capacity of School Personnel; Professional Community for Teachers and Staff; Meaningful Engagement of Families and Community; Operation and Management; and School Improvement. Performance indicators that provide examples of observable, tangible behaviors provide evidence of each standard are available. Professional Standards for Education Leaders (PSEL) provide the structure for feedback for continuous improvement through individual goals that target professional growth, thus supporting overall student achievement and school improvement. Evidence supporting a principal's or assistant principal's professional practice will be situated within one or more of the ten standards. Principals/ Assistant Principals will be rated for each Performance Measure (Planning, Environment, Instruction, and Professionalism) according to the four performance levels: Ineffective, Developing, Accomplished, and Exemplary. This ratings will be supported by evidence from PSEL standards.

It is projected that most principals or assistant principals will maintain an Accomplished rating, but will occasionally have exemplary performance on standards at HICKMAN COUNTY SCHOOLS given time. The summative rating will be a holistic representation of performance, combining data from multiple sources of evidence across each standard.

The use of professional judgment based on multiple sources of evidence promotes a more holistic and comprehensive analysis of practice, rather than over-reliance on one individual data point or rote calculation of practice based on predetermined formulas. Evaluators will also take into account how principals respond to or apply additional supports and resources designed to promote student learning, as well as their own professional growth and development. Finally, professional judgment gives evaluators the flexibility to account for a wide variety of factors related to individual principal performance. These factors may include school-specific priorities that may drive practice in one standard, an educator's number of goals, experience level and/or leadership opportunities. Contextual variables may also impact the learning environment, such as unanticipated outside events or traumas. However, evaluators must use the following categories of evidence in determining the Professional Standards for Education Leaders (PSEL) ratings:

Required Sources of Evidence

- Reflective Practice and Professional Growth Plan
- Site-Visit(s)

Evaluators may use the following categories of evidence in determine overall ratings:

- Other Measures of Student Learning
- Products of Practice
- Local student growth goals
- Leadership Survey –example: Val-Ed 360°
- Working Conditions Goal (Based on Impact KY)
- Accountability/School Report Card data
- Student Growth Data
- Other Sources (e.g. parent surveys)

Principal or Assistant Principals Products of Products of Practice/Other Sources of Evidence

Principals/Assistant Principals may provide additional evidences to support assessment of their own professional practice. These evidences should yield information related to the Principal /Assistant Principals' practice within the Professional Standards for Education Leaders (PSEL).

- Required Sources of Evidence
 - Reflective Practice and Professional Growth Plan
 - Site-Visit(s)

- Other sources of evidence may include (not a comprehensive list):
 - Agenda and/or Minutes from:

During a site visit, the superintendent/designee or principal will discuss various aspects of the job with the principal or assistant principal, and will use the principal's/assistant principal's responses to determine issues to further explore with the faculty and staff.

Site visits are conducted by the superintendent or designee for each principal every year, and utilize the following protocol(s):

- Formal site visits will occur at a minimum of once per year to be completed no later than June 15th.
- The formal site visits will focus at minimum on the principal's/assistant principal's targeted Kentucky Principal Performance Standard(s).
- Following a formal site visit, a post-visit conference shall occur within five (5) working days. During the post-visit conference, evidence towards the principal's/assistant principal's targeted performance standard(s) will be reviewed.
- Post-visit conference documentation along with supporting evidence may be documented using the local evaluation committee and local board of education approved template/forms.

Overall Summative Rating Process

A principal's/assistant principal's Overall Performance Rating is determined by the evaluator based on four (4) Performance Measures: Planning, Environment, Instruction, and Professionalism. Each Performance Measure is supported by the Kentucky Framework for Personnel Evaluation-Professional Standards for Educational Leaders (PSEL):

<i>Performance Criteria And Role</i>	<i>Measures</i>			
	<i>Planning</i>	<i>Environment</i>	<i>Instruction</i>	<i>Professionalism</i>
<u>Principal</u> Professional Standards for Educational Leaders (PSEL)	<u>Standard 1</u> Mission, Vision and Core Values <u>Standard 9</u> Operations and Management <u>Standard 10</u> School Improvement	<u>Standard 3</u> Equity and Cultural Responsiveness <u>Standard 7</u> Professional Community for Teachers and Staff	<u>Standard 4</u> Curriculum, Instruction and Assessment <u>Standard 5</u> Community of Care and Support for Students <u>Standard 6</u> Professional Capacity of School Personnel	<u>Standard 2</u> Ethics and Professional Norms <u>Standard 8</u> Meaningful Engagement of Families and Community

- Using the sources of evidence for principals/assistant principals, evaluators will use professional judgment to determine a rating for each of the Performance Measures.
- The Principals/assistant principals must provide copies of sources of evidence for the identified targeted Professional Standards for Educational Leaders (PSEL) for the year to the superintendent or designee. The superintendent or designee will determine if copies of sources of evidence are needed to support non-targeted Professional Standards for Educational Leaders (PSEL).
- Each Performance Measure is rated as Exemplary, Accomplished, Developing, or Ineffective based on the ratings for the Professional Standards for Educational Leaders (PSEL).
 - a. Planning
 - b. Environment
 - c. Instruction
 - d. Professionalism

Once each of the four Performance Measures (Planning, Environment, Instruction, and Professionalism) have been rated Exemplary, Accomplished, Developing, or Ineffective, the superintendent or designee/principal or designee will use the following decision rules as a guide and professional judgement based on evidence to determine the principal's/assistant principal's final Overall Summative Rating.

If....	Then....

The Certified Evaluation Plan for Teachers and Other School Level Professionals

The vision for the Certified Evaluation Plan is to have every student taught by an effective teachers and other school level professionals. The goal is to create a fair and equitable system to measure teacher and other school level professionals effectiveness and act as a catalyst for professional growth.

Overview and Summative Model

The following graphic outlines the summative model for teachers and other school level professionals Certified Evaluation Plan. Evaluators will look for trends and patterns in practice across multiple types of evidence and apply their professional judgment based on this evidence when evaluating a teacher and other school level professional. The role of evidence and professional judgment in the determination of ratings on the four (4) Performance Measures: Planning, Environment, Instruction, and Professionalism as well as the overall rating is paramount in this process. However, professional judgment must be grounded in the common Kentucky Framework for Teaching and Specialist Frameworks for Other School Level Professionals.

The Kentucky Framework for Teaching with Specialist Frameworks for Other School Level Professionals

The Kentucky Framework for Teaching is designed to support student achievement and professional practice through the domains of:

Framework for Teaching

Planning and Preparation
Classroom Environment
Instruction
Professional Responsibilities

Specialist Frameworks for Other Professionals

Planning and Preparation
Environment
Instruction/Delivery of Service
Professional Responsibilities

The Frameworks also include themes such as equity, cultural competence, high expectations, developmental appropriateness, accommodating individual needs, effective technology integration, and student assumption of responsibility. They provide structure for feedback for continuous improvement through individual goals that target student and professional growth, thus supporting overall school improvement. Evidence documenting professional practice is situated within one or more of the four domains of the framework. Performance is rated for each component according to four performance levels: Ineffective, Developing, Accomplished, and Exemplary. The summative rating is a holistic representation of performance, combining data from multiple sources of evidence across each domain.

The use of professional judgment based on multiple sources of evidence promotes a holistic and comprehensive analysis of practice, rather than over-reliance on one individual data point or rote calculation of practice based on predetermined formulas. Evaluators also take into account how educators respond to or apply additional supports and resources designed to promote student learning, as well as their own professional growth and development. Finally, professional judgment gives evaluators the flexibility to account for a wide variety of factors related to individual educator performance, such as school-specific priorities that may drive practice in one domain, an educator's number of goals, experience level and/or leadership opportunities, and contextual variables that may impact the learning environment, such as unanticipated outside events or traumas.

Evaluators must use the following categories of evidence in determining overall ratings:

Required Sources of Evidence

- Professional Growth Planning and Self-Reflection
- Observation

All components and sources of evidence related supporting an educator's professional practice rating will be completed and documented to inform the Overall Performance Rating.

HICKMAN COUNTY SCHOOLS

Reflective Practice and Professional Growth Plan - PGP

Reflective practices and professional growth planning are iterative processes. The teacher (1) reflects on his or her current growth needs based on multiple sources of data and identifies an area or areas for focus; (2) collaborates with his or her administrator to develop a professional growth plan and action steps; (3) implements the plan; (4) regularly reflects on the progress and impact of the plan on his or her professional practice; (5) modifies the plan as appropriate; (6) continues implementation and ongoing reflection; (7) and, finally, conducts a summative reflection on the degree of goal attainment and the implications for next steps.

The Professional Growth Plan addresses realistic, focused, and measurable professional goals. The plan connects data from multiple sources including classroom observation feedback, student achievement, and professional growth needs identified through self-assessment and reflection. In collaboration with the administrators, teachers identify explicit goals, which drive the focus of professional growth activities, support, and on-going reflection.

An employee's Reflective Practice and Professional Growth Plan (PGP) must be aligned with the specific goals, objectives, and action plans of the Comprehensive School Improvement Plan (CSIP) and Professional Development plan, and the Evaluation Standards and Performance Criteria of the district evaluation system.

The Professional Growth Plan can be built as early as May 1 of the current year and no later than September 30th of the ensuing school year for continuing employees. The advantage of including the PGP in the spring for the next school year is that professional development activities tied to professional growth goals may be available for the certified employee during the summer before the next school year. The PGP must be completed with employees new to a building (newly hired or transferred employees) within 30 workdays of employee's reporting for employment.

Implementation of the Professional Growth Plan is to begin as soon as the plan is completed and signed by both the evaluator and evaluatee. Signatures indicate knowledge of expectations.

- All certified teachers and other certified school level professionals will participate in reflective practices and professional growth planning each year.
- Documentation of reflective practices and professional growth planning will follow the district-determined process.

HICKMAN COUNTY SCHOOLS County Schools Observation/Workplace Visit

The observation process is one source of evidence to determine teacher effectiveness that includes evaluator observation for each certified teacher. Evaluator observations will use the same instruments. The evaluator observation will provide documentation and feedback to measure the effectiveness of a teacher's professional practice. The principal or designee observations along with other supporting evidence will be used to inform a summative rating. The rationale for each type of observation is to encourage continued professional learning in teaching and learning through critical reflection.

The observation model must fulfill the following minimum criteria. Minimum of one (1) observation in the summative cycle conducted by the principal or designee.

- The selection of the third party observer shall be determined through mutual agreement by the principal or designee and the evaluator. A teacher who exercises this option shall do so, in writing to the evaluator, by no later than February 15 of the academic year in which the summative evaluation occurs. If the evaluator and evaluatee have not agreed upon the selection of the third

party observer within five (5) working days of the teacher's written request, the evaluator shall select the third party observer.

- Observations may begin after the evaluation training takes place within 30 calendar days of reporting for employment.
- All monitoring or observation of performance of a certified school personnel member shall be conducted openly and with full knowledge of the personnel member.

All observation documentation along with supporting evidence shall be documented using the local evaluation committee and local board of education approved platform (i.e. paper/pencil, electronic template, or uploaded in V-Class).

HICKMAN COUNTY SCHOOLS will use the following Observation/Workplace Visit Models:

The following guidelines and timelines are based on the minimum requirements of the Hickman County Schools Certified Evaluation Plan. Principals may require additional observations at any point of the cycle.

~~(1) Kentucky Teacher Internship Program (K-TIP)~~

~~———— All first year teachers will follow the guidelines set forth through Kentucky Teacher Internship Program. KTIP documentation will be included in the KTIP evaluatee's official personnel record at the end of the cycle.~~

- ~~• Note: There are seven (7) Kentucky Revised Statutes and four (4) Kentucky Administrative Regulations that govern KTIP. It is possible that amendments may be in process and/or change. If HICKMAN COUNTY SCHOOLS changes occur which would cause a substantial change(s) in the Kentucky Teacher Internship Program, the 50/50 committee will make recommendations to revise this portion of the Certified Evaluation Plan.~~

(2) Observation Model for All Fulltime Certified Teachers and Other School Level Professionals (Not KTIP)

The Principal or designee will conduct a minimum two mini observations of approximately 20-30 minutes each. The principal or designee will conduct a minimum of one formal observation consisting of a full class or lesson observation. The summative year of the cycle will consist of a minimum of one formal principal or designee observation. The Observation Cycle including all documentation must be completed by April 15th of the summative year. The Principal or designee may conduct additional mini or full observations. Observations may begin after the evaluation training takes place within 30 calendar days of reporting for employment each school year.

- All observation documentation along with supporting evidence shall be documented using the local evaluation committee and local board of education approved platform (i.e. in writing within the certified personnel folder or KTIP intern management system)
- A minimum of one principal observation each year is all that is required for returning part-time retired certified teachers or adjunct teachers who are hired in a part-time position or less than part-time position.

- Teachers and other school level professionals may be selected to be on a one year directed cycle at the discretion of the principal.
- The Principal or designee may conduct additional full observations.
- The Principal or designee will determine the schedule for the Observations/Work Place Visits.
- Late Hires or Leaves of Absence
 - If a late hire or leave of absence interrupts the ability to complete the observations/workplace visits by the established timeline, then the observation/workplace visits timeline may be adjusted by principal or designee.
 - An Evaluation Adjustment Form must be completed in writing, signed/dated by evaluatee and evaluator, and approved by the Superintendent.

The above list is not comprehensive.

Determining the Overall Summative Rating

Evaluators are responsible for determining an Overall Summative Rating for each teacher and other school level professionals at the conclusion of the summative evaluation year. A teacher/other professional's Overall Performance Rating is determined by the evaluator based on four (4) Performance Measures: Planning, Environment, Instruction, and Professionalism. Each Performance Measure's rating is based on professional judgment informed by evidence that demonstrates the educator's performance against the Kentucky Framework for Teaching and Specialist Frameworks for Other School Level Professionals Domains, district-developed rubrics, and decision rules that establish a common understanding of performance thresholds to which all educators are held. Performance will be rated for each Performance Measure according to four performance levels: Ineffective, Developing, Accomplished, and Exemplary.

The Kentucky Framework for Teaching and Specialist Frameworks for Other School Level Professionals stands as the critical rubric for providing educators and evaluators with concrete descriptions of practice associated with specific domains aligned to the four (4) Performance Measures. Each element describes a discrete behavior or related set of behaviors that educators and evaluators can prioritize for evidence-gathering, feedback, and eventually, evaluation. Evaluators will organize and analyze evidence for each individual educator based on these concrete descriptions of practice and rate the teacher each Domain of the Kentucky Framework for teaching and Specialist Frameworks for Other School Level Professionals according to the four performance levels: Ineffective, Developing, Accomplished, and Exemplary.

Each of the four (4) Kentucky Framework for Teaching and Specialist Frameworks for Other School Level Professionals Domains align to each of the four (4) Performance measures shown within the following charts:

Teacher Performance Measures aligned to the Kentucky Framework for Teaching:

Performance Measures	Planning	Environment	Instruction	Professionalism
Performance Criteria: KY Framework for Teaching	Domain 1: Planning & Preparation	Domain 2: Classroom Environment	Domain 3: Instruction	Domain 4: Professional Responsibilities

Other Professionals Performance Measures aligned to the Kentucky Framework for Teaching:

Performance Measures	Planning	Environment	Instruction	Professionalism
Performance Criteria: KY Framework for Teaching Specialist Framework for Other Professionals	Domain 1: Planning & Preparation	Domain 2: The Environment	Domain 3: Delivery of Service	Domain 4: Professional Responsibilities

The process concludes with the evaluator’s analysis of evidence and the final assessment of practice in relation to performance described under each Domain and rated Performance Measure at the culmination of an educator’s cycle.

An educator’s Overall Performance Rating is determined using the following criteria for determining a teacher’s or other school level professional’s rating:

- Evaluators will determine the individual domain ratings (Exemplary, Accomplished, Developing, or Ineffective) using sources of evidence and professional judgment. Each Performance Measure will be rated Exemplary, Accomplished, Developing, or Ineffective based on the final Domain rating:
 - a. Domain 1: Planning & Preparation Rating = Performance Measure Planning Rating
 - b. Domain 2: The Classroom Environment/Environment Rating = Performance Measure Environment Rating
 - c. Domain 3: Instruction/Delivery of Service = Performance Measure Instruction Rating
 - d. Domain 4: Professional Responsibilities = Performance Measure Professionalism Rating
- Once each of the four Performance Measures (Planning, Environment, Instruction, and Professionalism) have been rated Exemplary, Accomplished, Developing, or Ineffective, the evaluator will use the following decision rules as a guide and professional judgement based on evidence to determine the teacher’s or other school level professional’s final Overall Summative Rating.

If....	Then....
Two Performance Measures are rated Developing, and Two Performance Measures are rated Accomplished	The Overall Summative Rating shall be rated Accomplished
Two Performance Measures are rated Developing, and two Performance Measures are rated Exemplary	The Overall Summative Rating shall be rated Accomplished
Two Performance Measures are rated Accomplished, and two Performance Measures are rated Exemplary	The Overall Summative Rating shall be rated Exemplary
Two or more Performance Measures are rated Ineffective	The Overall Summative Rating shall be Ineffective
One Performance Measure is rated as Ineffective or Developing	The Overall Summative Rating shall not be higher than Accomplished
Three or more Performance Measures are rated Developing	The Overall Summative Rating shall be Developing
Two Performance Measures are rating Developing, One Performance Measure rated Accomplished, and One Performance Measure rated Exemplary	The Overall Summative Rating shall not be higher than Accomplished

- The evaluator will provide a summative rating for each Performance Measure based on evidence for all teachers and other school level professionals on a summative year no later than April 15.
- All summative rating documentation along with supporting evidence shall be documented using the local evaluation committee and local board of education approved platform (i.e. Paper copies, uploaded in V-Class, and/or CIITS).
- Leaves of Absence – Summative Overall Performance Rating requirements remain the same for Certified Teachers or Other Certified School Level Professionals on leave of absence; however, times may have to be adjusted as needed. If the leave of absence interrupts the ability to complete the summative cycle by the established timeline, then the summative may be delayed the following year. The evidence collected previously in the incomplete year will transfer to the next year.

**OTHER CERTIFIED DISTRICT PERSONNEL
CERTIFIED EVALUATION PLAN**

Other District Certified Personnel

The vision for the Certified Evaluation Plan is to have every school district led by an effective leadership team. The goal is to create a fair and equitable system to measure district administrator effectiveness and act as a catalyst for professional growth.

Overview and Summative Model

The following graphic outlines the summative model for the Other Certified District Personnel Certified Evaluation Plan.

Evaluators will look for trends and patterns in practice across multiple types of evidence and apply their professional judgment based on this evidence when evaluating a certified district employee. The role of evidence and professional judgment in the determination of ratings on standards and an overall rating is paramount in this process. However, professional judgment must be grounded in the common framework identified: The Standards.

Determining Other Certified District Personnel Performance Standards

Each Certified District Staff member along with his or her evaluator will collaborate to determine the best standards based on the job responsibilities of the position held. For example, the Chief Academic Officer in collaboration with the District Superintendent may decide to use the Superintendent Effectiveness Standards as the focus of his or her Certified Evaluation Plan process for the year. The standards must be nationally recognized as well as grounded in research for district and school improvement (I.E. Kentucky NxG Superintendent Effectiveness Standards, Council for Exceptional Children Advanced Professional Standards: Special Education Administration Specialist or Gifted Education; or Kentucky Framework for Teaching Specialist Framework for Other Professionals). The Performance Standards provide the structure for feedback for continuous improvement through individual goals that target professional growth, thus supporting overall student achievement and school improvement. Evidence supporting a certified District staff member's professional practice will be situated within one or more of the standards. Performance will be rated for each standard according to the four performance levels: Ineffective, Developing, Accomplished, and Exemplary. It is projected that most certified District staff members will maintain an Accomplished rating, but will occasionally have exemplary performance on standards any given time. The summative rating will be a holistic representation of performance, combining data from multiple sources of evidence across each standard.

- NOTE: If both the evaluator and evaluatee identify standards other than the following, both the evaluator and evaluatee must conduct an alignment of the Performance Criteria which are the Standards to the Four (4) Performance Measures: Planning, Environment, Instruction, and Professionalism.
 - Kentucky NxG Superintendent Effectiveness Standards;
 - Council for Exceptional Children Advanced Professional Standards: Special Education Administration Specialist
 - Council for Exceptional Children Advanced Professional Standards: Gifted Education
 - Kentucky Framework for Teaching Specialist Framework for Other Professionals
- The alignment must be approved by the HICKMAN COUNTY SCHOOLS County Board of Education prior to evaluation activities.

The use of professional judgment based on multiple sources of evidence promotes a more holistic and comprehensive analysis of practice, rather than over-reliance on one individual data point or rote calculation of practice based on predetermined formulas. Evaluators will also take into account how the certified District staff member responds to or apply additional supports and resources designed to promote student learning, as well as their own professional growth and development. Finally, professional judgment gives evaluators the flexibility to account for a wide variety of factors related to individual certified District staff member performance. These factors may include district-specific priorities that may drive practice in one standard, an educator's number of goals, experience level and/or leadership opportunities. Contextual variables may also impact the learning environment, such as unanticipated outside events or traumas.

However, evaluators must use the following categories of evidence in determining overall ratings:

- Required Sources of Evidence
 - Reflective Practice and Professional Growth Plan
 - Workplace Visit

Evaluators may use the following categories of evidence in determining overall ratings:

- Other Measures of District/School Improvement
- Products of Practice
- Local Impact Goal data
- Other Sources (e.g. parent surveys)

Other Certified District Personnel Workplace Visit

Workplace visits are a method by which the superintendent or designee may gain insight into the certified district staff member's practice in relation to the standards. During a workplace visit, the superintendent or designee will discuss various aspects of the job with the certified district staff member, and will use the district staff member responses to determine issues to further explore with the faculty and staff. Additionally, the district staff member may explain the successes and trials experienced in relation to school improvement. Workplace visits are conducted by the superintendent or designee for each district staff member every year, and utilize the following protocol(s):

- Workplace visit will occur at a minimum of once (1) per year to be completed no later than April 15 for certified district personnel without an administrator certification or June 15th for certified district personnel with administrator certification.
- The workplace visit will focus at minimum on the certified district staff member's identified targeted performance standard(s).
- Following a workplace visit a post-visit conference shall occur. During the post-visit conference, evidence towards the district staff member's identified targeted performance standard(s) will be reviewed.
- Post-visit conference documentation along with supporting evidence may be documented using the local evaluation committee and local board of education approved platform.
- Certified district personnel who are hired after the last day in October will have at a minimum one-site visit completed no later than April 15 for certified district personnel without an administrator certification or June 15th for certified district personnel with administrator certification.

 - If the late hire or leave of absence interrupts the ability to complete the formal site-visit by the established timeline, then the formal site-visit timeline may be adjusted.
 - An Evaluation Adjustment Form must be completed in writing, signed/dated by evaluate and evaluator, and approved by the Superintendent.

Determining the Overall Performance Rating for Other Certified District Personnel

Evaluators are responsible for determining an Overall Performance Rating for each certified district staff member at the conclusion of their summative evaluation year. The Overall Performance Rating is informed by the evaluator based on four (4) Performance Measures: Planning, Environment, Instruction, and Professionalism. Each Performance Measure is supported by one or more of the identified standards. The following charts represent the alignment of standards to the four performance measures based on the Kentucky NxG Superintendent Effectiveness Standards; CEC Advance Standards: Special Education Administration Specialist Standards; CEC Advance Standards: Gifted Education; or Kentucky Framework for Teaching Specialist Frameworks for Other Professionals:

Performance Measures	Planning	Environment	Instruction	Professionalism
Performance Criteria: Kentucky NxG Superintendent Effectiveness Standards	Standard 1: Strategic Leadership Standard 4: Human Resource Leadership Standard 5: Managerial Leadership	Standard 3: Cultural Leadership Standard 6: External Development Leadership	Standard 2: Instructional Leadership	Standard 7: Micropolitical Leadership

Performance Measures	Planning	Environment	Instruction	Professionalism
Performance Criteria: CEC Advanced Standards: Special Education Administration Specialist/ Gifted Education	Standard 3: Programs, Services, and Outcomes	Standard 7: Collaboration	Standard 1: Assessment Standard 2: Curricular Content Knowledge	Standard 4: Research and Inquiry Standard 5: Leadership and Policy Standard 6: Professional and Ethical Practice

Performance Measures	Planning	Environment	Instruction	Professionalism
Performance Criteria: KY Framework for Teaching Specialist Framework for Other Professionals	Domain 1: Planning & Preparation	Domain 2: The Environment	Domain 3: Delivery of Service	Domain 4: Professional Responsibilities

- Using the sources of evidence for the Other Certified District Evaluatee, evaluators will use professional judgment to determine a rating for each of the Performance Criteria.
- The Other Certified District Evaluatee must provide copies of sources of evidence for the identified Standards for the year to the evaluator. The evaluator will determine if copies of sources of evidence are needed to support non-targeted Standard(s).
- Each Performance Measure is rated as Exemplary, Accomplished, Developing, or Ineffective based on the ratings for the Performance Criteria Standards.

Performance Measures supported with more than on Performance Criteria Decision Rules

When there are more than two Performance Criteria Standards aligned to a Performance Measure, the following decision rules will apply in order to determine the rating for the Performance Measure:

If....	Then
One standard is rated Developing, and one or more standard(s) is/are rated Accomplished	The Performance Measure shall be rated Accomplished
One standard is rated Developing, and one or more standard(s) is/are rated Exemplary	The Performance Measure shall be rated Accomplished
One standard is rated Accomplished, and one or more standard(s) is/are rated Exemplary	The Performance Measure shall be rated Exemplary
Two standards are rated Developing	The Performance Measure shall be rated Developing
One Standard is rated as Ineffective	The Performance Measure shall not be HICKMAN COUNTY SCHOOLS higher than Accomplished
Two standards are rated Ineffective	The Performance Measure shall be Ineffective

Once each of the four Performance Measures (Planning, Environment, Instruction, and Professionalism) have been rated Exemplary, Accomplished, Developing, or Ineffective, the evaluator will use the following decision rules as a guide and professional judgement based on evidence to determine the Other Certified District evaluatee's Overall Summative Rating:

If....	Then....
Two Performance Measures are rated Developing, and Two Performance Measures are rated Accomplished	The Overall Summative Rating shall be rated Accomplished
Two Performance Measures are rated Developing, and two Performance Measures are rated Exemplary	The Overall Summative Rating shall be rated Accomplished
Two Performance Measures are rated Accomplished, and two Performance Measures are rated Exemplary	The Overall Summative Rating shall be rated Exemplary
Two or more Performance Measures are rated Ineffective	The Overall Summative Rating shall be Ineffective
One Performance Measure is rated as Ineffective or Developing	The Overall Summative Rating shall not be HICKMAN COUNTY SCHOOLS higher than Accomplished
Three or more Performance Measures are rated Developing	The Overall Summative Rating shall be Developing
Two Performance Measures are rating Developing, One Performance Measure rated Accomplished, and One Performance Measure rated Exemplary	The Overall Summative Rating shall not be HICKMAN COUNTY SCHOOLS higher than Accomplished

Plan (ICAP), APPEALS, and CODE of ETHICS**

Individual Corrective Action Plan/Improvement Plan (ICAP)

The development of and Individual Corrective Action Plan/Improvement Plan (ICAP) may happen at the evaluator's discretion based on formative evaluation data, overall summative evaluation finding of "Ineffective", and/or for other reasons (e.g. Code of Ethics Violations, etc...).

If an area of improvement is identified, the item must have a corresponding prescription, or action plan, to remediate or assist. This may be specifically noted and written on the post-observation conference forms, or an Individual Corrective Action Plan (**ICAP**) may be established. The ICAP may be written to HICKMAN COUNTY SCHOOLS of the principal/assistant principal performance standards; Kentucky Framework for Teaching Domains, components, elements, performance levels, or indicators; or other certified district personnel identified performance standards.

During the conference, once an area of improvement has been noted and a plan has been developed, its implementation begins immediately. The primary responsibility for initiating activities and procedures in either an ICAP Form, is with the evaluatee, except as written otherwise and agreed upon during conferencing.

To make the evaluation process successful, a high level of commitment is needed by both the evaluatee and evaluator. The evaluatee is expected to proceed with the action plan in a self-directed way, and the evaluator is expected to provide assistance and regular monitoring of progress. If satisfactory progress is being achieved, few modifications, if any, will be called for. In this case, continue with the implementation process. For those evaluatees experiencing problems, it is important for additional time and support to be given by both evaluatee and evaluator to intensify efforts toward attainment of objectives/goals. Contacts other observations/workplace visits/site-visits/conferences shall be documented by the evaluator and a copy given to the evaluatee. It is recommended that short, information conferences are held following these contacts. Lines of communication between evaluator(s) and evaluatee must be kept open in all phases of the evaluation process.

NOTE: It is the evaluator's responsibility to document all actions taken to assist the evaluatee in improving performance towards Corrective Action Plan goals and objectives.
